BUSINESS PROTECTION

SOLUTIONS & SERVICES

WHAT WE OFFER

Cyber-attacks have continued to grow in cost, size, and impact – causing 60% of SMBs to go out of business within 6 months of a cyber incident. Over 80% of data breaches leverage stolen passwords as the principal attack vector – often acquired on the Dark Web. .

KFA Business Protection Solutions offer effective strategies to guard your business from unwanted intrusions and quickly recover data during an unplanned work stoppage. Our team is committed to deliver best in class technologies to help ensure your organization keeps running.

- ✓ **Data Integrity & Business Continuity:** requirements analysis, data recovery assessment, platform evaluation, and hardware configuration
- ✓ **Data Storage:** application development, integration, and customization
- ✓ **Cloud Computing Readiness:** data modeling, migration, hosting, implementation, administration, processing

PROFESSIONAL SERVICES

KFA provides Information Security and Business Continuity solutions that can be used to accelerate business efficiencies and minimize impact of malicious intrusions. These proven solutions provide low risk deployment options for our Federal, State, and Private Sector clients.

Security Needs Analysis

Inventory, evaluate, and document existing enterprise conditions and capabilities and identify opportunities to integrate business continuity, dark web monitoring, cloud security, and business protection training, to improve business operations.

Solution Integration

KFA will work with you to define critical business processes and recommend and implement areas for enhancement that can leverage the power of business protection solutions to achieve stability of business operations.

Dark Web Monitoring

Our team monitors the dark web and provides detailed summary of activity found during our searches. Notification of suspicious activity is sent out immediately. Thus enabling your organization to take the appropriate counter-measures to reduce damages.

Documentation and Support

KFA believes in training and establishing an ongoing support program which may include white papers, workshops, and one on one sessions.
